Nursing clinic

At **Comillas Comunidad** and **Comillas Bienestar**, we have launched an initiative that is transforming healthcare across our Alberto Aguilera and Cantoblanco campuses.
This comprehensive service not only provides healthcare support but also fosters a culture of care and well-being by encouraging healthy lifestyle habits

By implementing **these programs and activities focused on prevention** and the **promotion of a healthy lifestyle**, we contribute to the physical and emotional well-being of not only our students, but also our faculty and administrative and support staff.
