Dear Partners,

We are pleased to inform you that the Sogang International Summer Program (SISP) will be offered again this year.

As students from our partner universities are eligible for a **25% tuition discount**, we would appreciate your support in widely sharing this opportunity with students at your institution.

To address general questions and provide an overall overview of the program, we have scheduled SISP Information Sessions as outlined below. Considering students across various regions and time zones, the sessions will be held twice at different times.

- Info Session 1: Tuesday, February 10, 2026 (11:00 KST)
- Info Session 2: Thursday, February 12, 2026 (21:00 KST)

During the sessions, we will provide information on the overall program structure, campus life, program schedule, and various social activities and cultural experiences. A Q&A session will also be included for students who have additional questions.

Those who sign up will receive Zoom links to join the Info Session closer to the date.

We kindly ask for your assistance in sharing this information with interested students and encouraging their participation.

Thank you for your continued cooperation.

Best regards,

2026 Sogang International
