ICAI SAPIENS

Study Abroad Program
for International Engineering Students

ICAI School of Engineering
Madrid (Spain)
Academic Year
2024-2025

COMILLAS
UNIVERSIDAD PONTIFICIA

ICAI

DESCRIPTION

ICAI-SAPIENS is a program that was designed for engineering and other STEM students in 2013, and has been growing ever since. Students, especially from the US, gain international experience without delaying their graduation, given that the vast majority of these courses are what they require towards their curriculum.

We offer several categories of courses in our ICAI-SAPIENS, all of which are taught in English:

- **Fundamental Engineering/STEM:** these are meant to be similar/identical to their equivalent subjects in a standard US Sophomore/Junior year.
- **Culture, Language & Humanities:** these provide an insight into the Spanish language and culture, and include guided visits to several local landmarks.
- **Technological & Electives:** these are highly recommended for international engineering/STEM students.
- **Research Projects:** supervised by professors and researchers of the school of engineering. These projects are only available and assigned to semester-long exchanges and 8-week summer students.
- *Other, additional and business courses: offered at the ICAI School of Engineering, these are also available to ICAI-SAPIENS students, schedule permitting, offered in either English and/or Spanish. Please note that their calendar and exam periods may differ from SAPIENS depending on the term(s).*

PERIODS / TERMS

ICAI-SAPIENS is offered in the following three terms:

- **FALL 2024:** from September 2nd to December 20th
- **SPRING 2025:** from January 13th to April 25th
- **SUMMER 2025:** from May 19th to July 11th (4 to 8 weeks)

Note: these periods include SAPIENS exams. ICAI (non-SAPIENS) exams may extend to January 10th (FALL) or May 21st (SPRING)

RETAKE EXAMS: for SAPIENS courses, mid to late May. For ICAI courses, mid to late June.

LOCATION

The ICAI School of Engineering is located in downtown Madrid, within walking distance to the most significant historic landmarks in our city. Our 24/7 outsourced housing service provides numerous nearby housing options.

Madrid is conveniently situated in the center of Spain, with easy access (typically in under 3 hours by high-speed train or highway) to the most interesting tourist attractions and cities in Spain. Madrid International Airport offers direct flights to the most important cities in Europe, including all capital cities in the European Union.

TESTIMONIAL

"The past six months here at Comillas have been nothing but positive experiences for me. I really appreciated how personal the teachers are with their students. It is clear to see that they are truly rooting for our success. I could not have imagined a better place to make new lifelong friends and memories during my study abroad experience."

Carly Torrado Lubalin
