Tutorial hours	2 hours / week

SUBJECT DETAILS

Subject context

Contribution to the career profile of the studies

International Marketing is a subject that deals with the internationalization of a company's commercial activities and thereby, the purpose of this course is to provide students with an understanding of Marketing in an international context. The course aims at the identification and analysis of the differences between both local and international environments and its implications in the Marketing strategy of a company facing international markets.

In a world that is increasingly leaning towards globalization at the same time that market orientation becomes the company's dominant philosophical approach, the knowledge brought by this subject becomes essential for business survival and success. Its contents could be highly valuable for professionals such as Global Product and Brand Managers, Market Managers, International Department Directors, Global Consultants and Managers in general who are engaged in international commercial operations.

Prerequisites

To have taken Introduction to Marketing and Marketing Research previously.

Competencies - Objectives

CLASS METHODOLOGY

General Methodological aspects of the subject	
<p>The program provides the theoretical framework and tools for its practical implementation based on the subject objectives. Several techniques are combined for the theoretical classes (lectures and interactive classes) practices (news, key readings & case analysis) and tutorial. Teamwork is strongly recommended for many assignments. The team member composition will remain unchanged during the semester. The homework will be assigned on a weekly basis. It will consist of cases, readings and written assignments to be distributed on the previous week.</p>	
Classroom Methodology Activities	Competencies
<ol style="list-style-type: none"> Lectures Interactive classes Key readings discussions News exposition and commentary Case presentation (Team practice) Conduct of tests and trials 	<p>CEOPT04 CEOPT04, GEOPT05 CG01, CG07, CEOPT04, CEOPT05 CG01, CG04, CG07, CG10, CG11 CG18 CG13, CG18, CEOPT04, CEOPT05 CG14, CG17</p>
Out of classroom Methodology: Activities	Competencies

GRADING

Activities subject to evaluation (it is required to pass the theoretical exam to count the rest)	CRITERIA	WEIGHT
Theoretical Exam	Knowledge	50%
Class Participation in the news presentation, interactive classes, key reading discussions and other teams case presentations	According to template (in terms of frequency and content)	20%
Practice: Case development and Presentation in class (team presentation)	According to template (in terms of content as well as quality of the presentation)	30%

The grading system is in terms of continuous evaluation having as a base the individual class participation, teamwork and theoretical exam

The final grade is comprised of Class Participation (based on news and key readings expositions) with a 20%, the Case Development with 30% and the Theoretical Exam with a 50%.

To pass the subject is required to obtain at least a grading of 5 either in the Case as well as in the Theoretical Exam.

In the extraordinary exam, the student must do a Theoretical written exam and/or a practical Case development if he did not pass any of the two.

Note: for ICADE OUT students the 100% of the grade will be Theoretical Exam.
