

IAJU Magis Exchange Program

Global Environmental Citizenship Course Student Expectations

Please carefully review, sign, and return this document to indicate your acceptance of the IAJU Magis Exchange Program and Global Environmental Citizenship Course expectations.

As a student of the Magis Exchange Program I understand the following expectations:

- I will participate in all 8, 75-minute synchronous virtual sessions planned for the year outlined in the Moodle platform. *Please note that these sessions are mandatory to complete the course.*
- I am expected to turn on my camera during the synchronous sessions.
- If I have a conflict for a synchronous session, I will notify my professors **via email at least 3 days in advance.**
- If I am unable to attend a synchronous session under any circumstance, I am required to watch the recording and write a 1-page reflection of the class, including any work that was performed during the session. This report is to be submitted to the professors via email within one week of the missed session.
- Before each synchronous session, I agree to complete and submit all assignments for the assigned Workshop regardless of attendance.
- For each synchronous session, I will arrive in an academic appropriate setting and with stable internet connection.
- I am expected to participate in the Moodle platform discussion forums and complete all assignments during the length of the course.
- Following the conclusion of the program, I will provide feedback on my experience as a student in a post-program survey.
- I will maintain good academic standing with my school and abide by my institution's student code of conduct. I will notify program coordinators and liaisons of any changes in my academic status or of any academic or disciplinary violations that arise before or during the program.
