Community

Get up close and personal with the locals! Throughout the programme, our team of buddies will serve as your local guides.

You will also meet various communities through engagement sessions and visits.

Weekend Homestay

Experience life away from the hustle and bustle of the big city. As a group, you will stay with local families over a weekend in the outskirts of Selangor.

Be prepared to get close with nature and kick off your shoes through activities such as fishing (with your bare hands!), wading through paddy fields or even mud!
