

Wharton Academy is a pioneering academic program designed to empower students aged 18-25 with essential finance skills through immersive, in-person instruction. Created by the faculty of the Wharton School, this non-credit program offers a two-week course in finance and corporate valuation. Wharton Academy allows visiting undergraduates to engage directly with world-renowned educators and industry experts from the Wharton School community. The program offers a learning environment that fosters hands-on experiences, active collaboration, and real-time feedback.

Wharton Academy equips students with the tools and confidence needed to excel in the competitive landscape of today's business world. Undergraduates seeking to add to your resume, Wharton Academy is your gateway to a brighter future, where knowledge and experience intersect to open doors to limitless opportunities.
